All 1956 V8 motors are CHEVY RED, with BLACK valve stencils. A few EARLY 1957 265 V8 engines (standard transmission ONLY) were painted chartreuse (lime green) by Chevrolet, and they had BLACK stencils on the valve covers. After about November 1956, all 265 engines were CHEVY ORANGE (as are the 283 motors), and the valve cover scripts were SILVER."

Right color for a 1956 265 chevy... | The H.A.M.B.

If you're trying to match the paint on your Chevy C10, then you'll need a little more information than "green" or "black." Car manufacturers give designated paint codes to specific shades so that you can more easily match the exact hue. It's important to notice the limitations of these codes upfront.
