[China A History John Keay](#)

John Keay's China, A History, provides a nice introduction for those curious about the world's most populous nation and the rising economic superpower that we refer to as China. Prior to this reading I had scant knowledge of the nearly continuous 3-6000 year history of the region that spans from Mongolia to the Himalayas and from Afghanistan to the China Sea. Granted, although China ...

The history of China is complex. John Keay gives an overview of China and its rich history starting from before the country was unified under the Qin and up until modern times excluding the Communist party from the second half of the 20th century. There is of course a lot to try to convey in this 3000 year period but the author does well to give the reader an overview of both the history and ...

John Keay leaves no stone unturned, beginning with China's creation myth, and linking this with the essential, underlying theme of "all under Heaven", Keay chronicles the history of the history of the Middle Kingdom from the legendary 5 Emperors, to the modern China of the 21st Century.

[Doing empire in style- a review of China: A History by ...](#)

Book review: China, A History, John Keay (2008) In its early parts this book is fascinating for anyone interested in China but the story gets bogged down in details by about 200BC and stalls in a seemingly endless series of identical dynasties. Chinese leadership is founded on the justification that it could derive from history (heaven's mandate), so history as a strategy of leadership is of ...

[China by John Keay | Audiobook | Audible.com](#)

John Keay's book is interesting, well written and up-to-date. Moreover, it provides much information on some regions and ethnicities rarely discussed in traditional China history books, such as Tibet and Xinjiang. Be aware that the book focuses mainly on China's ancient history and less so on it's modern history. Overall, an excellent read.
