[Princesses Behaving Badly: Real Stories from History ...](#)

Behaving badly is an understatement in this history book. There are princesses who ran off with lovers, those who tried to usurp thrones, a few who would have been better rulers than their siblings, some who were mad and a few who were said to be mad but weren't. There were some what weren't actual royalty but did a good job at pretending to be, and fooled quite a few of the upper class while doing it. I enjoyed it and can't wait to add a copy to my library.

Princesses Behaving Badly: Real Stories from History without the Fairy-Tale Endings - Linda Rodriguez McRobbie ... My Review: Amidst the business of the year, that goal I had set way back in January to read more classic or nonfiction books kind of got shelved, and I've found myself missing the challenge! This was a perfect book to bridge back into the non-fiction genre - the subject material ...

[Princesses Behaving Badly: Real Stories from History ...](#)

While Princesses Behaving Badly isn't a "bad" book, I did find it lacking in certain aspects. While the author includes a lot of princesses, there is scant information about each one. The writing is intelligent but not engaging. If there had been more written on each princess, or even more personality injected, I would have been driven to search out more books/information about the princesses ...

Princess Stephanie von Hohenlohe was a Nazi spy. Empress Elizabeth of the Austro-Hungarian empire slept wearing a mask of raw veal. Princess Olga of Kiev murdered thousands of men, and Princess Rani Lakshmbai waged war on the battlefield, charging into combat with her toddler son strapped to her back. Princesses Behaving Badly offers minibiographies of all these princesses and dozens more. It's a fascinating read for history buffs, feminists, and anyone seeking a different kind of bedtime ...

[Princesses Behaving Badly - the Roarbots](#)

The Book. So how does Princess Behaving Badly stack up? Very well. Some of these kinds of books are little more than gimmicks or novelty books, best known for their wretched research. McRobbie provides substance and obvious research with a modern voice. She divides her book into several categories: warriors, usurpers, schemers, survivors, partiers, floozies, and madwomen. In each section she ...

[Princesses Behaving Badly: Real Stories from History ...](#)

Princesses Behaving Badly contains enough quirk to hold the interest of non-historians, while those who enjoy delving deeper may find value in the wide range of material and be able to use the book as a pointer for further reading. McRobbie gives many of these princesses exactly what their stories require: a narrative that tells their stories in broad strokes, without omitting any of the juicy details.
