History and development. The phrase, "geographic information system", was coined by Roger Tomlinson in 1968, when he published the scientific paper, "A Geographic Information System for Regional Planning". Tomlinson, acknowledged as the "father of GIS", is credited with enabling the first computerized-GIS to be created through his work on the Canada Geographic Information System in 1963.

Cisco Systems (CSCO) has 9 splits in our CSCO split history database. The first split for CSCO took place on March 18, 1991. This was a 2 for 1 split, meaning for each share of CSCO owned pre-split, the shareholder now owned 2 shares. For example, a 1000 share position pre-split, became a 2000 share position following the split. CSCO's second split took place on March 23, 1992. This was a 2 ...
