The United States Navy began the construction of battleships with USS Texas in 1892, but the first battleship under that designation would be USS Indiana. Texas and USS Maine, commissioned three years later, were part of the New Navy program of the late 19th century, a proposal by then Secretary of the Navy William H. Hunt to match Europe's navies that ignited a years-long debate that was ...

The world's greatest battleships : an illustrated history ...

USS Indiana (BB-58) was the second of four South Dakota-class fast battleships built for the United States Navy in the 1930s. The first American battleships designed after the Washington treaty system began to break down in the mid-1930s, they took advantage of an escalator clause that allowed increasing the main battery to 16-inch (406 mm) guns, but refusal to authorize larger battleships ...
